Student Tuition Recovery Fund (STRF)

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in residency programs attending certain schools regulated by the Bureau for Private Postsecondary Education. You are required to pay the Student Tuition Recovery Fund (STRF) if all of the following conditions apply:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and the STRF assessment is not collected, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a Social Security number or a taxpayer identification number.

Please note: "Residency program" means an educational course or program offered by an institution that has approval to operate in California, when the instruction occurs in California directly (face-to-face) between the student and the faculty member(s). *Example:* An individual who resides outside of California and enrolls in a course which requires them to be physically present in California to complete the course is required to pay STRF.

Cancellation and Refund Policies

Cancellations

Students can cancel their enrollment at any time. Students can inform GIA of their cancellation by phone, email, fax, written letter, or in person.

The California Bureau for Private Postsecondary Education (BPPE) requires notice of cancellation in writing. Carlsbad and all U.S. Distance Education and Lab class students should contact the Manager of Admissions:

Phone: 760 603 4090

Email: admissions@gia.edu

Fax: 760 603 4003

Mail or in person: GIA Carlsbad, Robert Mouawad Campus, Mailstop #3, 5345 Armada Drive, Carlsbad, CA 92008

For Distance Education students, the cancellation date (date of determination) is the date your cancellation request is sent to GIA. For on-campus or Lab class students, the cancellation date is the date GIA receives your official notice of withdrawal (date of determination) or your last day of attendance, whichever is to the benefit of the student. GIA's refund policy is explained in detail in this section. If you have questions, please contact GIA Admissions at 800 421 7250 ext 4001 or admissions@gia.edu

If a refund is due, it will be processed back to the original remitter in the same manner payment was received within 30 days after your date of determination or last day of attendance, whichever is later. Books and materials and applicable sales tax are non-refundable if books and materials have already been received by the student. Any course of study is referred to as a class in the following refund policy. Days are defined as calendar days.

The application fee is only paid once, when a student applies to GIA for the first time. GIA does not collect an application fee for subsequent enrollments. Refund calculations will only consider the application fee when the fee has been paid.

The technology service fee is required for certain on-campus courses and programs (Graduate Gemologist, Graduate Diamonds, Graduate Colored Stones, Applied Jewelry Arts, and Comprehensive CAD/CAM), for the support and maintenance of instructional hardware and software. The fee is paid one time for every program or course. The technology service fee is non-refundable.

FEDERAL STUDENT AID REFUND POLICY

Students receiving financial aid are subject to the Federal Student Aid refund policy (also called the Return of Title IV aid policy) if they withdraw or are dismissed after completing 60 percent or less of their educational program. This refund policy determines how much of your student aid can be kept by GIA or you, based on the amount of your educational program that you've completed on a prorated basis.

Any refund of financial aid funds determined under the Return of Title IV aid policy must be returned to the financial aid program or lender before a student can receive any portion of the tuition refund. Financial aid funds to be returned to the aid program will be returned on the basis of loans first, then grants if applicable. If your aid has been utilized for living expenses rather than tuition, we will prorate the amount of aid you were entitled to keep based on the percentage of your program you completed. If you received more aid than your cost of living for that time period, we will bill you for the excess. For additional information on refunds as they apply to financial aid funds, contact the GIA Office of Student Financial Assistance at 800 421 7250 ext 4005 or 4175, or financialaid@gia.edu

Students who obtain a loan to pay for an educational program have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If students have received federal student financial aid funds, any refund is calculated according to the Return of Title IV aid policy as described above.

In addition to these general policies, specific refund policies are applied to different types of enrollment as explained here. See page 8 for policies specific to GIA New York.

EXAMPLE OF REFUND CALCULATION FOR STUDENT ENROLLED IN GRADUATE GEMOLOGIST PROGRAM

Student paid the total charges of \$20,965 and canceled during the 15th week of the program. GIA retains the application fee (\$35), books and materials fee (\$1,630), the technology service fee (\$150) and a percentage of the total tuition (\$14,362.50). The cancellation date determines the tuition percentage the student pays, as shown in the table in the left column of this page.

(Total charges – application fee – books and materials – technology service fee) ÷ 2 x 100% = 1st quarter tuition used	$(\$20,965 - \$35 - \$1,630 - \$150) \div 2 \times 100\% = \$9,575$
(Total charges – application fee – books and materials – technology service fee) ÷ 2 x 50% = 2nd quarter tuition used	$(\$20,965 - \$35 - \$1,630 - \$150) \div 2 \times 50\% = \$4,787.50$
1st quarter tuition used + 2nd quarter tuition used = total tuition used	$\$9,575 + \$4,787.50 = \$14,362.50$
Amount refunded to you = total charges paid to GIA – application fee – books and materials – technology service fee – total tuition used	$\$20,965 - \$35 - \$1,630 - \$150 - \$14,362.50 = \$4,787.50$

Refund Policy for Programs of Six or Less Weeks in Duration, Including Lab Classes

If Cancellation Date Is	You Pay
0 – 15% of the program	0%
16 – 30% of the program	25%
31 – 45% of the program	50%
46 – 60% of the program	75%
After 60% of the program	100%

EXAMPLE OF REFUND CALCULATION FOR STUDENT ENROLLED IN DIAMOND GRADING LAB CLASS (35 HOURS TOTAL)

Student paid the total charges of \$1,330 and canceled after one day. GIA retains the application fee (\$35), books and materials fee (\$45), and a percentage of the total tuition (\$312.50). The cancellation date determines the tuition percentage the student pays, as shown in the table above.

(Total charges – application fee – books and materials fee) x 25% = tuition used	$(\$1,330 - \$35 - \$45) = \$1,250 \times 25\% = \$312.50$
Amount refunded to you = total charges paid – application fee – books and materials fee – tuition used	$\$1,330 - \$35 - \$45 - \$312.50 = \$937.50$
