DEFINITIONS:

• “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
• “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
• “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
• “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
• “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
• “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
• “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
• “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
• “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
• “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully
employed in the field by the number of graduates available for employment.

- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

If you have any questions about how the data reflected on the above charts was gathered or if you want a list of employment positions determined to be within the field for any specific program for which statistics are reported above, please contact GIA’s Career Services Department at careerservices@gia.edu.

STUDENT’S RIGHT TO CANCEL
eLearning Courses

Cancellation
I understand that I have the right to cancel my enrollment at any time before the end date
specified on page 1 of the enrollment agreement, by notifying the manager of admissions in
writing by mail or in person at The Robert Mouawad Campus, Mailstop #3, 5345 Armada Drive,
Carlsbad, California 92008, by email at admissions@gia.edu, or by fax at 760 603 4003.
I have the right to cancel the agreement and receive a full refund before the first lesson and
materials are received.
I will be withdrawn from class if I fail to return from a leave of absence, do not maintain
satisfactory academic progress, or are otherwise dismissed due to lack of attendance or violation
of GIA policy. In all cases where my enrollment is terminated (cancellation or withdrawal),
refunds will be calculated based on the Refund Policy below.
If I withdraw and wish to continue my studies at a later date, I will be required to re-enroll into
the course from the beginning at current tuition and fees.
I have the right to cancel the agreement and receive a full refund before the first lesson and
materials are received.

Refund Policy
GIA’s eLearning Refund Policy complies with California Education Code §94919, which
specifies that Institutions shall provide a pro-rata refund of nonfederal student financial aid
program moneys paid for institutional charges to students who have completed 60% or less of
the period of attendance. Institutions shall also refund 100% of the amount paid for institutional
charges less a reasonable deposit or application fee not to exceed two hundred fifty dollars
($250), if notice of cancellation is made through attendance at the first class session, or the
seventh day after enrollment, whichever is later. GIA does not charge or retain an application fee
or deposit.
Students will receive a full refund of all monies paid if the class is canceled by GIA.
Students who have received a scholarship are subject to the refund policy described in their
scholarship acceptance letter.
Students who have obtained a loan to pay for an educational program, will be responsible for
repaying the full amount of the loan plus interest, less the amount of any refund to the lender. If
they default on a federal or state loan, both the following may occur: (1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the loan is repaid.

If a refund is due, it will be processed back to the original remitter in the same manner payment was received. Cash payments will be refunded by check. Refunds are processed within 30 days of the date GIA received the notice of cancellation or withdrawal, or the last date of attendance, whichever is later.

Refunds for eLearning courses are based on a pro-rata percentage of the number of assignments submitted for grading prior to the End Date of the course.

**If my enrollment is canceled:**

- Within seven days after accepting this enrollment agreement OR before submitting my first course assignment, whichever is later - GIA does not retain any tuition.
- After submitting my first course assignment and before submitting more than 60% of the required course assignments - GIA retains a pro-rata portion of the tuition.
- After submitting more than 60% of the required course assignments OR after exceeding the course completion time limit - GIA retains 100% of the tuition.

All charges associated with the purchase of optional books and materials are nonrefundable. Students who choose to purchase gemological equipment through GIA Instruments may return them for a full refund within 15 days of receipt provided they are in the original package, complete, and in new and unused condition. Please visit store.gia.edu for additional information.

**Sample eLearning Refund Calculation**

A student paid the total price of $500 for a course with a total of ten (10) required assignments, submitted four (4) assignments for grading and withdrew prior to the end date of the course. GIA retains $200, calculated as follows:

Total Price = $500

Per Assignment Charge = $50 (Total Price \(\div\) Total Number of Required Assignments)

Number of Assignments Submitted for Grading = Four (4);

Tuition Used = $200 ($50 x 4 assignments)

Refund = $300 (Total Price – Tuition Used)
