\* Total charges due on or before the class start date include tuition, books and materials. Books and materials are required.

### Total Charges Do Not Include:

- Housing, food, insurance, transportation, entertainment and other living expenses
- Required equipment for students enrolled in the Gem Identification eLearning course (see below)
- Fees for completing remedial work in a Student Workroom

### Additional Fees May Include:

- 500 HKD half day or 1,000 HKD full day for the use of Student Workroom
- Fees for lost or damaged equipment, precious metals and stones
- Fees for replacement books, tools and materials
- Wire transfer fees
- 360 HKD diploma replacement fee
- 320 HKD certificate replacement fee
- Shipping, customs duties and taxes
- Academic transcripts may be purchased centrally from the Carlsbad campus for 10 U.S. dollars

### Distance Education: Gem Identification 240

To complete this course, students must have access to the required equipment which is not included with the course materials. [See Required Equipment on page 26](#)

Students who do not have access to this equipment may choose to purchase the GIA Gem Identification Student Package at [store.gia.edu](https://store.gia.edu). This package does not include a binocular microscope. Students may also purchase this equipment through GIA Hong Kong. Please contact us at +852 3166 7001 or [giahongkong@gia.edu](mailto:giahongkong@gia.edu) for more information.

As an alternative, students can complete assignments in a fully equipped GIA Student Workroom.
