* Total charges do not include optional textbooks or technology for offsite use. See "Additional Program Costs" on page 37 of the 2024 GIA Carlsbad On Campus Catalog.

**Estimated costs exclude shipping, handling and applicable taxes.

Payment Due Dates

Students may choose to pay all required tuition and fees up front or in installments due at the following increments. After registration, specific due dates and amounts are listed in your account statement available in the My GIA Education Portal.

At Registration. A deposit of $2,500 is due at the time of registration to hold your seat in class. The deposit is applied towards the tuition amount.

Before the First Day of Class.

- For programs less than 17 weeks, the remaining balance is due before the first day of class (Balance = Total Charges - Deposit of $2,500).
- For programs that are 17 weeks or longer, 50% of the tuition and fees for books, materials, sales tax and CA STRF are due before the first day of class.

At the Mid-Point of the Program. For programs that are 17 weeks or longer, any remaining balance is due at the mid-point of the program.

For students using Veterans Administration Education Benefits, tuition and fee payments will be waived for up to 90 days from the date that GIA certifies the student’s enrollment following receipt of a certificate of eligibility or a valid VAF 28-1905.

Past Due Account Balance

Students who have a past due account balance will have disrupted service. Students will not be able to access courses in Blackboard, may not register into future courses or programs and will not receive their credential until they have settled the payment(s) owed.
Additional Program Costs

Optional Printed Textbooks - Gemology
All gemology course curriculum is accessible online in the Blackboard learning management system. Students can access and download PDF versions of textbooks through the end date specified in their enrollment agreement. Printed versions of these textbooks are optional and may be purchased through the My GIA Education Portal any time after registration. They can be shipped to your home prior to your arrival or delivered to the Carlsbad campus directly to save on shipping costs.

Jewelry Design & Technology - Required Technology
Students are required to have access to a computer that meets the minimum requirements specified on page 25 to complete their homework. Note that homework is assigned starting the first day of class. The estimated average cost to purchase a laptop meeting the recommended specifications is $1,800 excluding shipping, handling and tax. GIA does not sell computers.

Comprehensive CAD/CAM for Jewelry - Recommended Technology
Students are not required to do work at home, however it is strongly recommended that students have access to a computer that meets the minimum requirements listed on page 27. The estimated average cost to purchase a laptop meeting the recommended specifications is $1,800 excluding shipping, handling and tax. GIA does not sell computers.

Additional Fees
Additional, non-refundable, fees may include:

- Living expenses such as housing, food, medical, insurance, transportation and entertainment
- Wire payment transfer fees
- Fees for optional books and materials, shipping, handling and applicable taxes
- Fees for any lost or damaged equipment, precious metals and stones
- Fees for replacement of any required books, tools and materials
- Fees for repeat hours (if applicable; hourly rate = tuition / total hours)
- $35 payment plan administration fee
- $15 late fee (payment plans)
- $15 fee for non-sufficient funds or returned checks
- $15 ID badge replacement fee
- $10 student locker key replacement fee
- $10 parking permit replacement fee
- $10 official transcript fee
- $70 diploma replacement fee
- $65 certificate replacement fee

**Payment Due Dates**

Total charges for lab classes are due at the time of registration. Online course tuition plus applicable STRF or international stone shipping fees are due at the time of registration. Tuition payment plans are available for GEM 220, 230 and 240 with the first installment and a non-refundable $35 plan administration fee due at the time of registration. Tuition and fees must be paid in full prior to taking a final exam.

**Past Due Account Balance**

Students who have a past due account balance will have disrupted service. Students will not be able to access courses in Blackboard, may not register into future courses and will not receive their credential until they have settled the payment(s) owed. Those who fail to pay plan installments on time will required to pay the balance in full or be withdrawn.
Additional Enrollment Costs

Optional Printed Textbooks - Online Courses

All gemology course curriculum is accessible online in the Blackboard learning management system. Students can access and download PDF versions of textbooks through the end date specified in their enrollment agreement. Printed versions of textbooks are optional and may be purchased through the My GIA Education Portal any time after registration.

Proctoring Fees - GEM 220, GEM 230, GEM 240

These exams must be taken in a GIA Student Workroom (no charge) or in the presence of an approved proctor. Students are responsible for finding an acceptable proctor and paying proctor fees which typically range from $15 per to $150 per hour. The 20-stone exam in GEM 240 has a six-hour time limit and a maximum of 10 attempts; other exams have a two-hour time limit and a maximum of 3 attempts.

Student Workroom Fees - GEM 240

Students have the option to complete all practical work in a fully-equipped GIA Student Workroom ($100 per day + travel and expenses). While some students take 15 to 80 days in the workroom to complete their assignments, most complete within 20-30 days in the workroom.

Equipment and Stone Shipping Costs - GEM 240

Students who live in the US, or in a country where GIA is able to ship stones, may complete practical work in their home or office instead of using a Student Workroom. For domestic students, GIA pays for all initial outgoing shipments and students are responsible for return shipments. Domestic students pay on average $30 per shipment. International students pay a one-time, non-refundable flat rate of $2,000 to GIA for initial outgoing and return shipping costs. Students are responsible for all costs for reshipping stone sets that have already been sent.

Students must also have access to the required gemological equipment listed on page 30 of the GIA Carlsbad Online Campus Catalog. Equipment may be purchased in the marketplace or through the GIA Store at https://store.GIA.edu/collections/gem-identification based on availability. The estimated cost to purchase equipment is $2,500-$8,000 excluding shipping, handling and tax. This estimate includes $6,500 for a professional microscope, however there are lower cost microscopes available in the marketplace.
